young-tribologists@gft-ev.de

The **9th** edition of the **YTRS** will be filled with a variety of **presentations and discussions about tribology given by young researchers, both from academia and industry.**

The first day will take place at IMKT, Leibniz University Hannover, and the second at RENK Bearings facilities, where a tour through the factory will be offered.

Registration deadline

21st of June, 2026

Registration fee

Regular participants	50 €
Speaker/enrolled student	25 €

Presentation structure

20 min english presentation + 10 min discussion

Organization committee

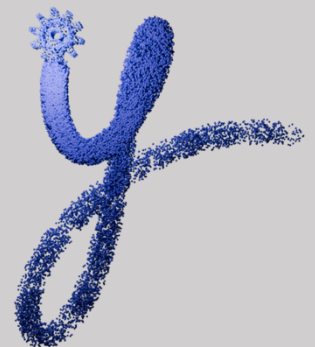

R. Martins, K. Feile, C. Orgeldinger, B. Rothhammer, K. Neusser

Objectives

Together, we want to enhance the **transfer of knowledge within an international field** of tribology.

The symposium focuses on:

- » Offering a stage for young researchers, presenting projects and theses from academia and industry
- » Discussing new topics and ongoing research projects
- » Networking of young tribologists

We thank our sponsors:
